Subject:

Attention of

My dear Senator Kern:

Answering yours of

I write to urge most earnestly a favorable action of the Senate upon the Child Labor Bill, which I believe is supported by a large majority of both Houses, but which for some reason is being delayed. It seems to me very desirable that this should be brought thru at this Session, even if the same was slightly prolonged thereby.

I appreciate the heated halls in Washington and the desirability of closing the session as soon as practicable. I also appreciate, however, the hot furnaces and the cotton-mills where poor children are sweltering who should be by the woods and waters.

Therefore please do not delay this matter until another session.

Yours very truly,

Hon. John W. Kern.

Oswald Smith
